Subject Index

Amvisc®
Hyaluronic acid, (letter), 298
Anterior chamber implants
Complications of intracapsular cataract extraction with anterior chamber implants, 140
Guidelines for the selection of an anterior chamber lens, 213
Secondary anterior chamber lens implantation, 133
Aphakia
Hydrophilic lenses for refractive keratoplasty: Factory lathed materials, 105
Long-term follow-up of extended wear aphakic Permalenses, 83
Aspergillus flavus
Fungus growth on soft contact lenses, 166
Aspheric lenses
Aspheric silicone lenses for keratoconus, 323
Astigmatism
Streak retinoscopy during intraocular lens implantation to determine spheric power and prevent astigmatism, 73
Bifocal contact lenses
See: Contact lenses
Binkhorst biplane implants
Binkhorst biplane implants and post-operative visual white-out, 137
Book Reviews
Adverse effects of contact lens wear: An atlas for the ophthalmic practitioner, 187
Radial keratotomy, 187
Laser therapy of the anterior segment, a practical approach, 188
Strabismus, 187
Bullous keratopathy
Bullous keratopathy: A perspective on the American experience, 232
Problems arising from Sato's radial keratotomy procedure in Japan, 179
Cataract extraction
Complications of intracapsular cataract extraction with anterior chamber implants, 140
Simultaneous extracapsular cataract extraction, intraocular lens implantation, and posterior lip sclerectomy filtering procedure in glaucoma patients, 143
Sodium hyaluronate, (letter) 298
Syneresis: A forgotten culprit, 315
Color deficiency
Evaluation of the X-Chrom lens and color deficiency, 100
Computer analysis
Computer analysis of radial keratotomy, 241
Contact lenses
Aspheric silicone lenses for keratoconus, 323
Bandage lens for treatment of corneal disease: Softcon® XT, 353
Bullous keratopathy: A perspective on the American experience, 232
Corneal striae in contact lens patients with low intraocular pressure, 79
Effect of extended wear contact lenses on tear immunoglobulins, 163
Gas-permeable hard contact lenses: A quantitative analysis of lactic acid in rabbit aqueous humor, 96
Evaluation of the X-Chrom lens and color deficiency, 100
Growth and survival of *Serratia marcescens* in hard contact lens wetting solutions, 172
Introduction to fluoropolymer contact lenses, 332
Invention of contact lenses by August Müller, 88
Lipid deposits on worn soft contact lenses, 235
Rapid hydrogen peroxide system for contact lens disinfection, 341
Refining toric soft contact lens prescriptions, 326
Treatment of contact lens-induced giant papillary conjunctivitis, 346
Corneal striae
Corneal striae in contact lens patients with low intraocular pressure, 79
Cromolyn sodium
Treatment of contact lens-induced giant papillary conjunctivitis, 346
Epithelial defects
Bandage lens for treatment of corneal disease: Softcon® XT, 353
Extended wear lenses
Long-term follow-up of extended wear aphakic Permalenses, 83
Myopic extended wear contact lenses in 100 patients, 335
Fluoropolymers
See: Contact lenses
Fungus
Fungus growth on soft contact lenses, 166
Fusarium solani
Fungus growths on soft contact lenses, 166
Gas-permeable hard contact lenses
See: Contact lenses
Geriatric ophthalmology
Society of Geriatric Ophthalmology (editorial), 120
Giant papillary conjunctivitis
Treatment of contact lens-induced giant papillary conjunctivitis, 346
Healon®
Healon bubble on cornea protects retina during IOL surgery, (letter), 128
Hyaluronic acid, (letter), 298
Hydrogen peroxide
Rapid hydrogen peroxide system for contact lens disinfection, 341
Hydrophilic contact lenses
See: Soft contact lenses
Intraocular lenses
Binkhorst biplane, implants and post-operative visual white-out, 137
Complications of intracapsular cataract extraction with anterior chamber implants, 140
Corneal striae in contact lens patients with low intraocular pressure, 79
First 1,000 Mark IX implants, 218
Guidelines for the selection of an anterior chamber lens, 213
Secondary anterior chamber lens implantation, 133
Simultaneous extracapsular cataract extraction, intraocular lens implantation, and posterior lip sclerectomy filtering procedure in glaucoma patients, 143
Streak retinoscopy during intraocular lens implantation to determine spheric power and prevent astigmatism, 73
Keratoconus
Aspheric silicone lenses for keratoconus, 323
Corneal striae in contact lens patients with low intraocular pressure, 79
Keratorefractive surgery
Hydrophilic lenses for refractive keratoplasty: Factory lathed materials, 105
Computer analysis of radial keratotomy, 241
Problems arising from Sato's radial keratotomy procedure in Japan, 179
Sato's radial keratotomy, (letter), 200
Keratophakia
See: Keratorefractive surgery
Lactic acid
Studies on gas-permeable hard contact lenses: Quantitative analysis of lactic acid in rabbit aqueous humor, 96
Lens cleaning solutions
Rapid hydrogen peroxide system for contact lens disinfection, 341
Removal of soft contact lens deposits with surfactant-polymeric bead cleaner, 229
Lens deposits
Lipid deposits on worn soft contact lenses, 235
Removal of soft contact lens deposits with surfactant-polymeric bead cleaner, 229
Lens power
Labeling lens powers, (letter), 128
Lens wetting solutions
Growth and survival of *Serratia marcescens* in hard contact lens wetting solutions, 172
Lipids
Lipid deposits on worn soft contact lenses, 235

Müller, August
The invention of contact lenses by August Müller, 88
Myopia
Myopic extended wear contact lenses in 100 patients, 335
Papain
Removal of soft contact lens deposits with surfactant-polymeric bead cleaner, 229
Posterior lip sclerectomy
Simultaneous extracapsular cataract extraction, intraocular lens implantation, and posterior lip sclerectomy filtering procedure in glaucoma patients, 143
President's message
Primum non nocere, 122
Why should ophthalmologists fit contact lenses? 6
Yankee in King Arthur's court, 196
Yellow pages, 296
Radial keratotomy
See: Keratorefractive surgery
Rayner/Choyce Mark IX implants
The First 1,000 Mark IX implants, 218
Refractive keratoplasty
See: Keratorefractive surgery
Sagittal depth
Aspheric silicone lenses for keratoconus, 323
Sato's radial keratotomy
Problems arising from Sato's radial keratotomy procedure in Japan, 179
Sato's radial keratotomy, (letter), 200
Secondary implantation
Secondary anterior chamber lens implantation, 133
Serratia marcescens
Growth and survival of *Serratia marcescens* in hard contact lens wetting solutions, 172
Silicone lenses
See: Contact lenses
Soft Contact Lenses
Bandage lens for treatment of corneal disease: Softcon® XT, 353
Fungus growth on soft contact lenses, 166
Lipid deposits on worn soft contact lenses, 235
Myopic extended wear contact lenses in 100 patients, 335
Rapid hydrogen peroxide system for contact lens disinfection, 341
Removal of soft contact lens deposits with surfactant-polymeric bead cleaner, 229
Soper Cone lens
Aspheric silicone lenses for keratoconus, 323
Streak retinoscopy
Streak retinoscopy during intraocular lens implantation to determine spheric power and prevent astigmatism, 73
Syneresis
Syneresis: A forgotten culprit, 313
Tear immunoglobulins
Effect of extended wear contact lenses on tear immunoglobulins, 163
Tear volume
Measuring tears, (letter), 125
Therapeutic lenses
Bandage lens for treatment of corneal disease: Softcon® XT, 353
Toric lenses
See: Contact lenses
Vitrectomy
Syneresis: A forgotten culprit, 313
X-Chrom lens
Evaluation of the X-Chrom lens and color deficiency, 100
YAG laser
Syneresis: A forgotten culprit, 313
